TILE KLEEN

DESCRIPTION

This product is a heavy duty cleaning compound which should be used before and after your floor has been sealed.

It can also be used to neutralise your floor prior to sealing if Spirits of Salts (Hydrochloric Acid) has been used. (Ask your tiler.) Tasman TILE KLEEN will ensure you get the full benefits of sealing your floor.

DIRECTIONS FOR USE

Dilute Tasman TILE KLEEN in warm water 1:50 for heavy soils and 1:100 for light to medium soils.

Prior to sealing with Tasman SLATE SEAL, apply Tasman TILE KLEEN with scrubbing brush until all dirt, stains, etc. have been removed. Rinse floor thoroughly with clean water and allow to dry.

WARNING

Do not use abrasive cleaner or household detergents.

The Product Information Sheet supersedes all previous issues for this product. Information contained herein is offered in good faith as being true and accurate to the best of our knowledge, but as the conditions of use are beyond our control, no guarantees are either stated or implied.

Where health or safety data given discloses a risk to the user or the environment, it is the responsibility of the purchaser to pass on the information to employees who may be using the product, ensuring that adequate safety procedures are used, including good industrial hygiene.
