

Soft Care® Des E

H5

Hand sanitising alcohol rub

Description

Soft Care® Des E is an alcohol rub for waterless skin sanitising.

Features

Soft Care® Des E is a hand sanitising alcohol rub based on ethanol. Ethanol is a very efficient sanitising agent and consequently highly effective against resident and transient skin microorganisms. This product has also been formulated with a humectant, an excellent skin care ingredient. Therefore it can be applied in areas where frequent use of hand sanitising products is required, such as hospitals and in those areas where there is no water available.

Soft Care® Des E is perfume-free, thus eliminating the risk of tainting foods and making it suitable for application in the food processing area.

Benefits

- Kills 99.9% of germs.
- Contains ethanol which is a very effective sanitiser.
- Perfume free (suitable for use in food processing area).
- Contains humectant - prevents skin irritation.

Application areas

- Food Service
- Hospitality
- Lodging
- Education
- Food Processing
