

Product Information Sheet

NEUTRO

Floor Neutraliser

Product

- ✓ Increases adhesion of sealers to the floor
- ✓ Helps prevent powdering and inter-coat hazing of sealers
- ✓ Quickly penetrates deep inside the floor matrix

Surface neutraliser for use on floors after alkaline strippers have been used. Using a neutraliser will help to eliminate the risks associated with leaving a floor in a high alkaline state. Suitable for use on ceramics, terrazzo, marble, limestone, terracotta and resilient sheet or tiled floors. Can also be used to remove efflorescence and light rust marks from vitrified and terracotta tiles. Use following PUNCH to neutralise and ensure sticky, alkaline residues don't create high levels of re-soiling on cleaned surfaces.

Technical

Colour	Light Blue
Odour	Eucalyptus / Lemon
pH	1.50 – 2.50

Product Code	Outer Pack	APN
CHRC-28015A (5L)	3	9324828001881
