Easy Wash & Rinse

1 litre of Easy Wash & Rinse: Water fed detergent for the real professional. For use in the WWCS Go H2O Pro and WWCS Go H2O Maxi DI systems with Detergent Dispenser to provide cleaning power

- All-in-one wash and rinse
- Excellent cleaning power
- Great finish and shine on windows
- Softens water and reduces dirt redistribution
- Advanced wetting and rinsing agents for air drying
- No change to TDS reading
- No ammonia

The ideal detergent for water fed systems, low foaming, powerful and easy rinse.

Process:

Pre-dilute 1 part Wash and Rinse to 4 parts DI water in container, shake and mix well. Ratio 1:4. Fill DI detergent dispenser and connect inlet to DI outlet valve and open.

If placing into stored water, dilute 500:1
