

FOAMINATOR

Foaminator is an alcohol-free, moisturising, no-rinse hand sanitiser. It is ideal for food handlers, childcare workers and the like. Foaminator kills 99.9% of germs in just 15 seconds. It produces a fast drying, non-sticky foam that contains unique non-drying, conditioning and moisturizing ingredients, that leaves the skin with a soft, refreshing and silky after-feel, and does not contain polymer thickeners or silicones.

DIRECTIONS FOR USE

Apply 1 to 2 pumps of foam to your hands. Ensure you are applying a liberal amount over all areas of your hands and fingers paying particular attention to your fingernails. Rub briskly for a few seconds and allow to air dry. Do not use with water. Do not use towels to dry your hands. Apply additional foam if needed. Re-application may be required after 2-4 hours or sooner depending on bacteria load.

SAFETY NOTES

Foaminator is not a poison and is not classified as hazardous under Worksafe provisions. Refer to Safety Data Sheet for further information.
