CLAX®

Dual Soft

5DL1

## Sour/Softener

### Description

Clax® Dual Soft is a pleasantly perfumed sour/softener. It is used for the purposes of neutralising residual alkalinity and adding softness/anti-static properties to washed goods. It imparts good anti-static properties to cotton and synthetic fabrics.

### Features

Clax® Dual Soft is a liquid alkalinity neutraliser with softening properties, based on inorganic acids and quaternary ammonium salts. Inorganic acids are efficient neutralising agents for alkali present in rinse water and on fabric, thus preventing yellowing (or galling) of fabric.

Clax® Dual Soft also contains cationics. These ingredients will adsorb to fabric and have a lubricating effect. During the drying process this prevents interlocking of individual fibres and build-up of static electricity (especially on synthetic fibres). In addition lubrication facilitates ironing/calendering.

Clax® Dual Soft can be used for most types of fabric, but regarding softening it is particularly effective on bulked or textured fabrics such as towels.

### Benefits

- Effective neutralisation of residual alkalinity in rinse water and on fabric.
- Prevents yellowing of fabric.
- Has good softening properties.
- Prevents build-up of static electricity on synthetic fabrics.
- Delivers a pleasant residual smell.

# Dual Soft

# 5DL1

## Directions for use

Clax® Dual Soft is dosed into the final rinse step (sour bath step) of the wash process at the rate of approximately 70 to 130mL per 50kg of linen.

Technical data			
Appearance	White opaque liquid	Specific gravity (20°C)	1.06
pH (neat)	<1.5	Dilution	70 to 130mL per 50kg of linen

*The above data is typical of normal production and should not be taken as a specification.*

Product	Pack size	SKU Code	Availability
Clax® Dual Soft	15L	HH10495	AU

## Safe handling and storage information

Store in original closed containers or (where applicable) in an approved bulk tank, away from extremes of temperatures. Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet

## Product compatibility

This product is compatible with most Clax® fabric washing products.

## Safety Reminder

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use, and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDSs are available online at [www.diversey.com](http://www.diversey.com) or by calling Toll free: Australia, 1800 647 779 or New Zealand, 0800 803 615.
