

LASER

Laser is a premium quality, pleasantly fragranced, liquid laundry detergent suitable for both top and front load washing machines. It is designed for all laundry applications, from fine delicates through to heavy overalls, Laser will leave your whites whiter and colours brighter.

DIRECTIONS FOR USE

Use 80mL to 125mL cup per average sized load with average soiling. Use lower levels for towels, nappies, blankets etc. For best results use hot water however this product is designed for cold water use. On heavily soiled clothes, greasy overalls, and work wear add small amounts of our Laundry Soaker and or more Laundry Liquid.

SAFETY NOTES

Laser can cause skin irritation and eye irritation. Avoid contact with the eyes and ensure proper handling procedures are followed when using product. For further information refer to the Safety Data Sheet.
